

# GINSANG®

roots that boost your being

## About Us.

### Our Background

GINSANG® is the first and only proudly South African brand that brings Ginseng products, all-natural health beverages inspired by Italian coffee culture, from Italy to South Africa.

In Italy, the culture of coffee, from the way coffee is served to its quality, is an important aspect of everyday Italian life. The Italian desire to constantly improve and innovate gave life to Ginseng Coffee more than 25 years ago.

We have carefully crafted Ginseng coffee and tailored our machines for the South African market.

# Our Machines

## HOT GINSANG® MACHINE

Our machines are uniquely designed to be small, compact and simple to use. They are the latest innovation among soluble beverage dispensing machines. It is a very convenient and easy to use machine to make a creamy Ginsang Coffee.

- For professional use
- Fast in dispensing
- Small or large cup selector
- Two mixing systems
- Two different programs for each product
- Electronic control of temperature
- Electronic water level control
- Alarm for filter replacing
- Automatic washing of the mixing unit
- Easy to clean

## Machine Quantities

Single shot (9g of product + water) = approximately 52 ml, which equates to 53/55 single shots per bag 500g.

Double shot (18.7g of product + water) = approximately 127 ml, which equates to 27/29 double shots per bag 500g

## How it works

Fully Imported from Italy

# Our Machines

## COLD GINSANG® MACHINE
